We are incredibly proud to present our collection made with cotton that is both organic and fair trade certified. We made this important transition because we believe that organic cotton is significantly better for the health and well-being of our valued community – from the farmers growing the cotton, to the Mamas handling the fabric each day, to the end customer wearing our vibrant products with pride. This switch deepens our commitment to the principles of fair trade and environmental sustainability. We now have respected third party verification of our ethical production at every level of our supply chain – from raw materials to finished product. We hope you will join us in celebrating this milestone.

# WHY ORGANIC?

# THE ART OF BATIK

Batik (pronounced ba-teek) is an ancient, handmade, fabric art. Global Mamas keeps this tradition alive! During the batik process, hot wax is stamped onto fabric, which is then

dyed. The batik wax is removed, revealing differently colored patterns and designs. Cracks in the batik wax give patterns the “crackled” look so unique to batik. Global Mamas supports batik artisans, their enterprises, and the preservation of their craft through our handmade batik textile line.

Since batik is a handmade art with fabric produced in small batches, there are often variations in layout and color. This makes each item unique and special. We hope you will appreciate the individual nature of our textiles and find the differences in their appearance as welcome as we do.

# Powering Change with Empowered Women

Global Mamas transforms the lives of women in Africa by cultivating sustainable income opportunities through the production and export of unique, high quality, fair trade products.

We believe that women gaining financial independence is the most effective way to achieve lasting prosperity for themselves and their families.

## Our Fair Trade Practices

- For nearly 20 years, over 30% of annual revenue has been paid in wages to the women in our producer network. Global Mamas ensures women are promptly paid a living wage, enabling them to truly improve their standard of living.
- Global Mamas provides business management and product development training allowing women in the network to grow their businesses through innovative strategies.
- Global Mamas engages producers and encourages dialogue in setting payment rates and organizational policies.
- Global Mamas strives to minimize our environmental impact through the use of certified organic cotton, recycled glass, and upcycled materials.
- Global Mamas is recognized by the Fair Trade Federation and the World Fair Trade Organization for adhering to fair trade principles.
