Story Bracelets

Details on page 64

We are incredibly proud to present our 2019 textile line made with cotton that is both organic and fair trade certified. We made this important transition because we believe that organic cotton is significantly better for the health and well-being of our valued community – from the farmers growing the cotton, to the Mamas handling the fabric each day, to the end customer wearing our vibrant products with pride. This switch deepens our commitment to the principles of fair trade and environmental sustainability. We now have respected third party verification of our ethical production at every level of our supply chain – from raw materials to finished product. We hope you will join us in celebrating this milestone.

THE ART OF BATIK

Batik (pronounced ba-tek) is an ancient, handmade, fabric art. Global Mamas keeps this tradition alive! During the batik process, hot wax is stamped onto fabric, which is then

dyed. The batik wax is removed, revealing differently colored patterns and designs. Cracks in the batik wax give patterns the “crackled” look so unique to batik. Global Mamas supports batik artisans, their enterprises, and the preservation of their craft through our handmade batik textile line.

Since batik is a handmade art, with fabric produced in small batches, there are often variations in layout and color. This makes each item unique and special. We hope you will appreciate the individual nature of our textiles and find the differences in their appearance as welcome as we do.

BOTTLE TO BEAD

Global Mamas beads are handcrafted in Ghana's Eastern Region. Bead making is a craft passed down through the generations. Glass bottles and old windows are hand pounded into a fine powder, dye may be added, then the powder is poured into clay molds, which are fired in traditional kilns. The final step for many beads is to be hand painted with unique designs that have made Ghana's glass beads famous worldwide.
